CURRICULUM VITAE

Full-stack development · Test automation · AI-assisted development

$ experience

05/2026 – 09/2026

Junior Full-Stack Developer

tts Knowledge Products GmbH

- Built and shipped new features and bug fixes using Scrum principles.
- AI-assisted development; writing and reviewing code with Claude Code.
- Dependency updates and closing security vulnerabilities; contributed to internal tooling, including a local Docker setup.

Stack: Java · Spring · Tomcat · Docker · TypeScript · Vue

05/2025 – 04/2026

Junior Agile Software Tester

tts Knowledge Products GmbH

- Planned, wrote and ran manual and automated software tests, and supported release sign-off.
- Analysed and documented defects, working closely with development, product owners and business stakeholders.
- Designed automated test scripts and contributed to improving the test process.

Stack: JIRA / AIO Tests · Playwright

10/2024 – 01/2025

Junior Developer

Avvale GmbH, Mannheim

- Full-stack development (SAP Commerce, Composable Storefront) and technical support.

Stack: Java · Spring · Angular · TypeScript · MS SQL · Docker

$ education

09/2021 – 09/2024

Vocational training as IT Specialist for Application Development · 97/100

Berufsbildungswerk Neckargemünd GmbH

Coursework: Java, HTML, CSS, PHP, MySQL · Practical: C#, Python · Final project: a coffee-brewing helper tool in Python (100/100).

2013 – 2021

Various degree courses and a period of reorientation

Applied Computer Science, Computational Linguistics/Philosophy (Heidelberg University), Graphic Design (Diploma HS Mannheim), FÖJ, BVB (BTZ Wiesloch) — before vocational training turned out to be the right format.

09/2005 – 06/2013

Abitur · 2,6

Kurpfalz-Gymnasium Schriesheim
